Testimonials:

"I have seen many of the portraits Mr. Harper has done over the years and although I won't mention his name, the portrait below is a favorite.

I take one look at his face, and I can hear him telling me I better not disappoint him with that Blackbeard Festival. It exudes confidence."

"I had a great session with Bob last Friday afternoon for an executive headshot. By Friday evening I had a finished portrait along with several other unfinished recommendations. Bob was very personable and professional. I appreciated his attention to detail and explanation of the process. If you're in need of a family portrait or professional headshot, Bob would be an excellent choice."

In 2013, The Rotary Foundation earned a grade of A+ from the American Institute of Philanthropy, a top rating of four stars from Charity Navigator, and full accreditation from the Wise Giving Alliance of the Better Business Bureau, based on the previous year's results. In fiscal year 2012-13, only 2 percent of Foundation expenditures went to administrative expenses and 9 percent to fundraising. The Foundation directed **89 percent of its spending to programs**, far exceeding the benchmarks that independent charity-rating services view as a measure of high efficiency.

Which Rotarians have to **travel farthest** for a makeup meeting?

You are right if you guessed the 34 members of the Rotary Club of Papeete, Tahiti, which is located in the middle of the Pacific Ocean and is the club that is most remote from any other.

The **southernmost** Rotary meeting is that of the Rotary Club of Base Marambio-Antartida in Antarctica.

To visit the **northernmost** club you must travel above the Arctic Circle to the Rotary Club of Barrow, Alaska, U.S.A.

If you attend the El Aguilar club in Argentina, you are meeting with the **highest club** in the world at 16,000 feet (4,880 meters) above sea level.

The **lowest club** meets at 40 feet (12.2 meters) below sea level at El Centro, California, USA. **It is said that there is a Rotary meeting being held someplace in the world every hour of every day.**

And, Yes. Our own **Andy Andrews** has probably already been there....twice. But, seriously, if you attended one meeting per day, it would take nearly 80 years to visit all of the more than **34,500 Rotary clubs** in the world, and by that time, no doubt, there would be thousands more new clubs to attend.
