

Stephen Mallon Executive Director at the DOWNTOWN HAMPTON DEVELOPMENT PARTNERSHIP

Mr. Stephen Mallon is the Executive Director of the Downtown Hampton Development Partnership. Prior to coming downtown, he was an Executive Vice President with Craig Davis Properties. Many of our members will recall that he was also the Director of Economic Development for the city of Hampton. Mr. Mallon is a graduate of Ferrum College and a graduate of the University of Virginia Executive Management Institute. Tonight Mr. Mallon will be discussing many of the changes coming to our Downtown.

Please welcome Mr. Stephen Mallon!

Are you a butcher, a baker, or a candle stick maker? Are you horse breeder, a meter reader, or an industry leader?

Are you an important businessman? Are you a more important businesswoman? Whoever you are you are not properly represented in our club! Mr. Smith and I have identified several general categories of professionals not represented in our Club, that are usually represented in Rotary Clubs. (yes, I think we have lawyers covered)

What we don't have: Plumber, Heating & Cooling, Veterinary medicine, Red Cross, Cub Scouts, Salvation Army, Auto repair & parts, Broadcasting, Alcohol Distribution or Beverage Distribution, Manufacturing, Collections Services, Chemical Industry, Active Military, Pharmaceuticals, Retail Clothing, Postal Service, Telephone Services, Baker, Butcher, Candle stick importer, Movers, Landscape Services, Electrical Industry, Fire Fighter, Fishing Industry, Grocers, Farmer, Aeronautical Research, NASA, Hotel Management, Laundry Services, Jeweler, Dairy, Podiatrist, Surgeon, Ophthalmologist, Oil Industry, Coal Industry, Printing, Residential Real Estate, Recreation & Travel, Ship Industry, Storage, & Pilot.

These are the most common...but there are so many more!

What we have -->

The Hampton Rotary Club Board is trying to decide if we should have a Christmas Party.

My two cents.....

It's a sad Club that would pass up the chance of seeing a photo like this again.

Go ahead and try not to smile, I dare you.

Unnamed Rotarian: "Jeff, have you lived in Hampton your whole life?"

Jeff: "Not yet."

Happy Birthday to Dave Hamilton, September 28th!!!

I would provide a joke just for Dave, but those jokes are not appropriate for the Gridiron.....or children, or women of any age, or any clergy, or metrosexuals, or ... well let's just list who is. Dave's birthday joke is appropriate for a select few of his friends, longshoremen, unenlightened male construction workers, Trump, and Andrew Dice Clay.
